

System Performance Office
Syna Morgan, Ph.D., System Performance Officer

Dear Parent,

Every year, school districts in Colorado report on their performance to their communities, as required by the *No Child Left Behind Act*. Douglas County School District RE. 1 is pleased to announce that our 2012-2013 Annual Report to the Public is available. All of the information required by federal law is available on the Colorado Department of Education's website, within the SchoolView Data Center: www.schoolview.org/performance.asp. The SchoolView Data Center for Douglas County School District RE. 1 includes the following information:

Assessment Data

1. TCAP results by grade level for each school and for the district. Results are disaggregated by race/ethnicity, English learners, economically disadvantaged students and students with disabilities.
2. School and district TCAP performance for the last three years, compared to Colorado as a whole.
3. COAlt results (for students taking the alternate assessment), if applicable.
4. National Assessment of Educational Progress results for Colorado students as a whole and disaggregated by race/ethnicity, English language learners, economically disadvantaged students and students with disabilities.

Accountability Data

1. Colorado was granted an NCLB Flexibility Waiver in 2012, which means that the School and District Performance Frameworks that underlie our state accountability system can be used in lieu of AYP for federal accountability.
2. School and District Performance Frameworks are available in SchoolView at: www.schoolview.org/performance.asp toward the bottom of the page. Simply click on the district and any schools of interest. You will have the option to view performance frameworks based on one and three years of data from the 2012-13 school year and previous school years.
3. Schools in the district that are identified as Performance, Improvement, Priority Improvement, or Turnaround Schools under Colorado's accountability system.

Teacher Quality Data: Percent of classes not taught by a highly qualified teacher, both overall and disaggregated by poverty level of students and percent minority.

If you would like a hard copy of this information, please contact: Laura Gorman, Grant & NCLB Coordinator, DCSD; Laura.Gorman@dcsdk12.org; 303-387-0093
